PROSPECTUS.

This institution, conducted by the Fathers of the Society of Jesus, was founded by them in 1877.

It is intended for Boarders, Half-Boarders and Day Scholars.

Having complied with the provisions of the general law of New Mexico, Twenty-fifth Session, Chapter XL, the College is thereby empowered to grant diplomas, confer degrees and all other literary honors, usually conferred" by similar institutions of learning in the United States.

Owing to the special requirements of this Territory, the course of studies is mainly commercial, and comprises two Departments.

The first, or Preparatory Department, designed for younger pupils, is merely elementary, affording primary lessons in English and Spanish. Writing, Spelling and Arithmetic. It may last from one to three or more years, according to the age, talent and proficiency of the pupils.

The Second, or Higher Department, is intended to impart to students a thorough commercial education, both in English and Spanish. It embraces Grammar, History of the United States, Geography, Arithmetic, Book-keeping; Rhetoric, Modern and Ancient History, Algebra, Geometry and the Elements of Physics and Chemistry.

Pupils passing a satisfactory examination in the above matters, receive a Certificate of fitness for commercial pursuits; and after spending two additional years at the College in the further study of Physics and Chemistry, of Geology, Mineralogy, Higher Mathematics, Astronomy, Logic, Metaphysics and Ethics, they receive the degree of Bachelor of Science.

The Philosophical Cabinet and the Chemical Laboratory contain a complete set of the Apparatus necessary for prosecuting studies in Physics and Chemistry, and they are constantly receiving additions.

The study of the Classics is now optional and forms no extra

charge. But it is the desire and aim of the Directors gradually to develop the present "Classical Department" into one general system of instruction.

Experience proves that a solid classical training, joined to thorough instruction in all Mathematical branches will produce incomparably better results than any exclusively commercial drill.

Even in ordinary mercantile pursuits the man who succeeds best will not be he whose education is limited to reading, writing and ciphering.

The details of business life can be mastered only by practice; and this once done, the most successful business man will be he whose mental powers are most fully and harmoniously developed. And such development cannot be had except by a classical education.

Lessons in Drawing and in Music, either vocal or instrumental—on the Piano, Organ, Violin, Guitar, or Brass Instruments—will be given to those desiring them, and will form extra charges.

The formation of heart, as well as of mind, being of paramount importance in the education of youth, the Directors will bestow the utmost care on the moral and religious culture of students committed to their charge.

Still, though the College is conducted on Catholic principles, no undue influence will be brought to bear on non-Catholic pupils to induce a change of religious belief.

The cultivation of refined manners and of healthy exercises for the body cannot be disregarded in a thorough system of education. For the attainment of these ends, the gentlemanly behaviour of the students receives the utmost attention; extensive play grounds and a thoroughly furnished gymnasium are attached to the premises; the chapel, dormitory, dining room, study hall and class rooms are elegantly fitted up and supplied with the finest and neatest furniture; gardens are being laid out, and statues and everything else necessary for their decoration have been brought from New York.

The peculiar advantage of a military institution will not be wanting. At the opening of the year a Company of Cadets will be formed so as to afford every facility to the students for general physical development and in especial for the acquisition of a more manly and graceful bearing.

Nothing finally is omitted to make the Institution a center of high intellectual and moral culture, which may compete successfully with any other of its kind in the East.

General Regulations.

Parents and guardians cannot be too earnestly recommended to send their sons or wards to the College at the very opening of the session. Any delay is generally the cause of considerable inconvenience and tends to retard the progress of the pupils at a time most favourable for application to study.

Any candidate for admission must be accompanied by his parents or guardians. He is then examined by the Prefect of Schools and placed in the class for which his previous attainments have fitted him.

During the session, a student may be promoted at any time he is found qualified to enter a higher class, and such promotion is deemed equivalent to all the honours of the lower grade.

It is expected of all Catholic students that they will approach the Sacraments at least once every month, and attend Divine Service and religious instruction in the College chapel whenever they are required to do so. Uniformity of discipline demands also of non-Catholic Boarders that they should be present and behave properly at all the public exercises of religion.

To avoid all objectionable communication between the Boarders and outsiders unknown to the College Authorities, the latter reserve to themselves the discretionary power of inspecting all letters, books, newspapers, etc. either directed to the pupils or sent by them.

Besides a few days of semi-annual recess at Christmas and Easter, the following are also ordinary holidays:—All the holy-days of obligation—Every Thursday—The feasts of St. Joseph, St. Aloysius and the Sacred Heart—Thanksgiving Day—Washington's birthday—Decoration Day and the Fourth of July.

Boarders, whose parents or legal guardians reside in town, will be allowed to spend a day at home once every month, generally on the first Thursday. But they should always return to the College before

5 P. M. during the winter season, and before 7 P. M. during the summer season. On no other occasion will they be permitted to go out of the College without very urgent reasons.

Half-Boarders study, dine and recreate with the Boarders. They should come to the College even on Sundays and all ordinary holidays, and are dismissed towards the evening.

To promote the advancement and good behaviour of the students, merit notes are read out to them every week in their respective classrooms by the Prefect of Schools; and a Bulletin of their standing in the College is announced once every month in the presence of the Faculty and students, on which occasion testimonials of good conduct, application and proficiency are bestowed upon the most deserving. Parents are requested to exact the Bulletin from their sons at the beginning of each month.

At the close of each term, examinations will be held in all the classes, and their result published in the College Catalogue at the end of the session. Pupils unlawfully absent from such examinations, or entirely unsuccessful, are subject to dismissal from the School.

Motives of Religion and self respect being habitually appealed to, no need has been experienced of frequent or severe punishment.

Flagrant offences, such as are detrimental to the reputation of the College, or are obstructive to the good of other pupils, are grounds for expulsion.

For faults of ordinary occurrence—such as tardy arrival, failure in recitations, or minor instances of misconduct, detention after school, some lines to be copied or committed to memory, privation of monthly vacation for Boarders, and low weekly marks, are usually found sufficient penalty.

The efforts of Teachers and Prefects will be much facilitated if the cooperation of parents can be secured.

Parents are, therefore, earnestly requested to insist upon the regular and punctual attendance of their children at school; to notify the Directors in case of detention or withdrawal; to exact regularly the monthly Bulletin; to attend to such notifications as may be sent by the Directors to inform them of unexplained absence, bad lessons, or unsatisfactory deportment, and not to detain the pupils from school without grave reasons.

PROSPECTO.

El Colegio de Las Vegas, dirigido por los Padres de la Compañía de Jesus, fué fundado por ellos en 1877.

Además de internos y externos se reciben tambien medio-internos.

Habiendo cumplido con la ley general de Nuevo Méjico, Sesion Vigésima-quinta, Capítulo XL, el Colegio queda por ella "autorizado á conceder diplomas, conferir grados y todos los demás honores literarios generalmente conferidos" por otras parecidas instituciones de enseñanza de los Estados Unidos.

A consecuencia de las condiciones propias de este Territorio, el plan de estudios es principalmente comercial, y se divide en dos Cursos.

El primero, ó Curso Preparatorio, que se compone de los más jóvenes, es puramente elemental, comprendiendo los principios de las lenguas Inglesa y Castellana, Caligrafía y Aritmética. Puede durar de uno á tres ó más años, segun la edad, el talento y aprovechamiento de los muchachos.

El segundo Curso está destinado á dar á los alumnos una entera y esmerada instruccion comercial en Inglés y Castellano. Abraza las lecciones de Gramática, Historia de los Estados Unidos, Geografía, Aritmética, Teneduría de Libros; Retórica, Historia Moderna y Antigua, Algebra, Geometría y los Principios de Física y Química.

Los alumnos que sufrieren un exámen satisfactorio en esas asignaturas, recibirán un Certificado de aptitud para la carrera comercial; y dedicando dos años más en el Colegio al estudio ulterior de la Física y Química, de la Geología, Mineralogía, Matemáticas Superiores, Astronomía, Lógica, Metafísica y Etica, recibirán el grado de Bachiller en Ciencias.

Para el estudio de la Física y Química, el Colegio posee un Gabinete y un Laboratorio que contienen ya los aparatos y máquinas necesarias, y son enriquecidos constantemente con otras nuevas.

El estudio de los autores clásicos de la antigüedad se deja ahora enteramente libre. Sin embargo, conociendo las grandes ventajas de este estudio, los Directores se esfuerzan por ampliar gradualmente el actual "Departamento Clásico" del Colegio hasta que llegue á ser el plan de enseñanza para todos sus alumnos. La experiencia enseña que estos estudios, juntamente con un buen curso de Matemáticas, producen resultados incomparablemente superiores á los que se obtienen de la simple educacion comercial. Para salir muy aventajado aun en la carrera mercantil, no basta la educacion que se cifró en aprender á leer, escribir y contar. Los pormenores de la vida de negociante solo se aprenden con el uso; pero, una vez aprendidos, sale mejor negociante aquel cuyas facultades intelectuales han recibido un desarrollo mas completo y harmónico. Este desarrollo no se consigue sino por medio de una educacion clásica.

Se dan tambien lecciones de Dibujo y de Música, ya vocal, ya instrumental,—Piano, Organo, Violin, Guitarra, instrumentos de charanga,—á voluntad de los padres ó tutores de los alumnos y por su cuenta.

Siendo la formacion del corazon, no menos que la de la inteligencia, condicion indispensable de una sana educacion, los Directores se dedican con el mayor esmero á la cultura moral y religiosa de sus alumnos. Pero, aunque el Colegio esté regido por principios católicos, no se hace la mas leve cosa indebida para inducir á los alumnos acatólicos á mudar de religion.

Una completa educacion debe extenderse tambien á formar en los jóvenes los modales propios de las personas cultas de la sociedad, y á desenvolver científicamente sus facultades corporales. Para lograr este doble objeto, el Colegio pone un cuidado especial en la urbanidad de los alumnos; tiene grandes plazas de recreo y un gimnasio con todos los aparatos necesarios; la capilla, el dormitorio, estudio, clases y comedor están compuestos elegantemente y amueblados con todo primor; y se están disponiendo jardines, para cuyo adorno se han mandado traer de Nueva York hermosas estatuas, floreros, etc.

No faltará tampoco la ventaja propia de una institucion militar. Al empezar el nuevo curso se formará una Compañía de Cadetes que proporcionando á los alumnos una grata diversion durante sus re-

creos, les dará la oportunidad de desarrollar higiénicamente las fuerzas del cuerpo, y de adquirir movimientos exteriores al par varoniles y airoso.

Nada por fin se omite para hacer de esta Institucion un centro de elevada cultura intelectual y moral, que rivalice ventajosamente con cualquier otra del mismo género en los Estados del Este.

Reglamento General.

Se suplica muy encarecidamente á los padres y tutores que envíen á sus hijos al Colegio desde la apertura de las clases. Toda dilacion causa por lo general graves inconvenientes, y es un obstáculo para el aprovechamiento de los alumnos en el tiempo mas favorable para aplicarse seriamente al estudio.

Todos al ingresar en el Colegio deben ser acompañados por sus padres ú otra persona responsable, y sufrir un exámen que haga conocer á qué clase deben ser aplicados.

Durante el curso puede un alumno ser promovido á una clase superior siempre que se le hallare capaz; y tal promocion equivale á conseguir todos los honores de la clase inferior.

Es deber de todos los alumnos católicos recibir los Santos Sacramentos al menos una vez al mes, y asistir á la Misa é instruccion religiosa en la Capilla del Colegio siempre que les fuere indicado. Para que haya uniformidad en la disciplina exterior, deben tambien los internos acatólicos asistir decorosamente á todos los ejercicios de religion.

Para evitar las comunicaciones que pudieran ser perjudiciales entre los internos y las personas de fuera no conocidas por las Autoridades del Colegio, se reservan estas la facultad de poder examinar, segun lo pidiere la discrecion, todas las cartas, libros, papeles, etc. dirigidos á los alumnos ó enviados por ellos.

Ademas de pocos dias de vacacion, concedidos en las dos épocas de Navidad y Pascua, son asimismo dias ordinarios de fiesta: Todos los de obligacion: los Jueves: los dias de S. José, del Sagrado Corazon de Jesus y de S. Luis de Gonzaga. El dia de accion de gra-

cias y el de Decoracion: el aniversario del nacimiento de Washington: el día 4 de Julio.

Se permite á los alumnos internos, cuyos padres ó tutores no viven lejos, pasar un día en su compañía una vez cada mes, que es de ordinario el primer Jueves. Pero se les exige siempre que regresen al Colegio antes de las 5 p. m. en el invierno, y de las 7 en el verano. En ninguna otra ocasion se les permite salir sin motivos de verdadera urgencia.

Los medio-internos estudian, comen y pasan los recreos con los internos. Deben venir al Colegio tambien los Domingos y otras fiestas ordinarias, y vuelven á sus casas hácia el anocheecer.

Para promover el alanto y la buena conducta de los alumnos, el Prefecto de las Escuelas les lee cada semana en sus clases respectivas las notas que han merecido; y ademas, una vez al mes, se publica delante de todos los Directores y estudiantes un Boletin de la conducta y aplicacion de cada alumno y de las calificaciones obtenidas en todas sus asignaturas, y se confieren unos certificados de distincion á los que mas se han señalado durante diez semanas. Se ruega á los padres que no dejen de exigir de sus hijos dicho Boletin al principio de cada mes.

Al fin de cada plazo escolar, hay exámenes de todas las Escuelas, y su resultado se publica en el Catálogo del Colegio al fin del año. Los alumnos que culpablemente se ausentaren de estos exámenes, ó se mostraren enteramente desaprovechados, pueden ser despedidos del Colegio.

Sirviéndose el Colegio de motivos de religion y decoro personal, no ha habido necesidad de acudir á frecuentes ó severos castigos. Las faltas graves que comprometieren la reputacion del Colegio, ú obstaren al bien de los otros alumnos, son causas suficientes de expulsion. Las otras faltas mas ordinarias, como de llegar tarde, no saber las lecciones, ú otras igualmente ligeras, son castigadas, ya con la detencion de los muchachos despues de la escuela, ya con mandarlos copiar ó aprender de memoria unas cuantas líneas de sus libros, ó con privarlos, si son internos, de la salida del primer Jueves del mes, ó finalmente rebajando las notas de la semana.

La cooperacion de los padres y tutores sirve en gran manera para facilitar los esfuerzos de los Maestros y Prefectos.

Por lo tanto se ruega encarecidamente á los padres que cuiden de que sus hijos vengan puntual y regularmente á la escuela; que avisen pronto á los superiores en caso que los detengán ó los saquen: que exijan regularmente el Boletín de cada mes; que se hagan cargo de las notas enviadas por los Directores para informarles de la ausencia de sus hijos, ú otras faltas; y que no los saquen del Colegio sin una verdadera necesidad.
